FUNDRAISING

Open Night 2017 ... Saturday 25th

November. A great night ... the day starts with the TDTC rally O trials in the morning before we open the club up to the community to join us for an evening of demonstrations, stalls, food, drink, competitions, games and the not to missed Doggy Production of Little Red Riding Woof!

We are looking for people who would be interested in helping to organise the event or could help on the night. Keep an eye on the notice board for more details. Please put the date into your calendar.

The **Art of the Heart** project is up and running with Cathy already doing some beautiful work for our members. Details on the board and soon to be on the website. Wonderful pencil drawings of your choice of subject. We will also be displaying work Cathy has been doing while down at the club. They will be for sale for anyone who is interested.

Freddo and Friends Choccy Drive

hopefully you have a work place not on a health kick who would appreciate a well-priced treat! Please collected a box to sell at work. Money is going towards wing jumps for the agility classes. A huge thank you to everyone who has taken a box to date.

Raffle – A Night at the Movies

This is not a raffle to miss!!! A 5kg ... not a misprint ... box of Caburary Favourites ... 2 premium tickets and a food voucher for Dendy's ... and a dog toy to keep your furry friend happy while you are out for the evening. Tickets on sale now ... proceeds go towards maintaining the club grounds and wing jumps for the Agility class.

MAINTENANCE

Where do your fees go?

People have been surprised when told that instructors and committee are not paid (I am still waiting for that cheque that I am sure is in the mail). The vast majority of our funds go towards our most vital asset-our training oval. You might be surprised to learn that the club gets hit with the same heavy rates, water and electricity as you. Water, mowing, fertilizing, weeding and lighting are by far our biggest spending areas. However, from time to time we must invest in other areas such as the resurfacing of the car park and road. As part of the resurfacing, overhanging tree branches needed to be removed and the car park relined. We did not get any change out of \$20,000. My purpose in drawing the above to your attention is to raise your awareness of the challenges that face your committee and to ask for your support in reducing costs so that fees can be kept as low as possible. We are a good sized club and I am sure members possess a vast variety of skills. **If you are willing to help, please give your details to your instructor. Apart from fencing personnel I am**

particularly interested in finding someone with a bobcat to sort out our 'holy' problem at the front gate.

Hope to hear from some helpers in the future and if you come across a mature aged, bald, well rounded male with an extremely obedient Rottweiler (I wish) at the club after hours give me a wave.

AGILITY FLYBALL RALLY O OBEDIENCE

Dogs ACT EPIC Advance Sports Extravaganza

Dogs ACT hosted their 2nd Advance Dog Sports Extravaganza over the weekend of 7 July. The extravaganza held trials for Obedience, Rally O, Agility, Flyball, Dances with Dogs, Weight pulling and Conformation.

Congratulations to our club members and teams for their clear runs.

We had three of our Agility dogs competing over the weekend, with two of the dogs making it to both the Agility and Jumping finals, run on Sunday afternoon, with **one coming third in the Agility final – well done.**

Our Flyball teams, **Screaming Torpedoes won their division on Saturday and Launching Torpedoes won their division on Sunday – well done teams.**

Our Obedience dogs performed awesomely as usual. We wouldn't expect anything less.

More importantly, a HUGE thank you to our club members and instructors who assisted with Stewarding over the weekend. You all did a fantastic job and it is much appreciated.
Leslie

Agility News

The club ran a trial on Saturday 5 August with a great turn out. We battled through the cold weather (it was close to snowing) all rugged up. Thank you to our club members, instructors and

competitors who assisted on the day, it was another successful day for our agility dogs, and the club.

Interested in doing Agility?

We will be starting a new beginner's agility class, later this month. If you have passed Intermediate and are interested in doing Agility, speak with your instructor, or put your name down in the agility book (found in the club house) and we will be in contact with you shortly.

Ad Break ... The Shaping ... Exhibition by Karyn Fearnside at the Form Studio & Gallery Queanbeyan ... from Aug 2 – Aug 20 ... support the businesses (and artists) who support us.

Rally Obedience

(commonly called Rally O) is often described as a combination of Agility and Obedience. TDTC has classes on Wednesday night 7-8. If you would like to find out more please speak to your instructor.

The Calculating Sheepdog

After a talking sheepdog gets all the sheep in the pen, he reports back to the farmer: "All 40 accounted for."

"But I only have 36 sheep," says the farmer.

"I know," says the sheepdog. "But I rounded them up."

A Second Opinion

A little old lady takes her parrot to the vet one day. "I'm really sorry ma'am, but this parrot is dead."

The little old lady says, "I'm sure you can't be certain so quickly. Isn't there a way to be absolutely certain?"

At this, the vet whistles and a Labrador Retriever walks into the examining room. The dog sniffs around the parrot for a few seconds, then looks up at the vet with sad eyes and shakes his head.

The little old lady is having none of it. "I'm sorry, but you're going to have to do more than that before I'll believe my parrot is dead."

So the vet walks out the room and comes back carrying a cat. He puts the cat on the table next to the parrot. The cat looks closely at the parrot, walks around it, prods it a bit, then looks at the vet, shakes his head and jumps off the table.

At last, the little old lady is convinced. As she is about to walk out of the door, the vet tells her that she owes him \$500.

"\$500?????"

"Well, it would have been a lot cheaper, but with that lab report and cat scan..."
